

Hydroxylated saturated polyester

Delivery form :

Appr. 75 % solids in xylene

Applications :

Industrial wood coatings :
clear and pigmented polyurethane finishes
NC finishes

Metal coatings :
machinery

Product specifications :

Property	Range
Solid content	74 - 76 %
Gardner viscosity	Z3 - Z5
Gardner colour	max 2
Acid value	max 18
Hydroxyl content	4,9-5,1 %

Principal properties :

Yellowing resistance
Outdoor resistance
Gloss level
High reticulation

Compatibility :

Poliuret 775-75 AE	complete
Poliuret 780-50 AE	complete
Poliuret 760-60 AE	complete
Aliphatic isocyanates	complete

Dilutability :

Aromatics	complete
Ketones	complete
Acetates	complete
Aliphatics	limited
